Silvercup Studios is one of the largest film and television facilities in New York City! Located in Long Island City, the studio has been in operation since 1983. With its iconic sign visible from the East River, Silvercup Studios has been home to famed television productions including HBO's *Sex and the City* and *The Sopranos*, *30 Rock*, and *Gossip Girl*. Silvercup has also hosted dozens of major motion pictures, including *When Harry Met Sally* and *The Devil Wears Prada*, and hundreds of commercials. At this program professionals will take students on a tour of the Silvercup facilities and discuss their careers.
