Interested in Dance, on stage and behind the scenes?

Join the Exploring Program at Gibney Dance! Founded in 1991, Gibney Dance is a trailblazing organization whose mission is to bring the possibility of movement where it otherwise would not exist. Through three interrelated fields of action—Center, Company, and Community Action—Gibney Dance is “Making Space for Dance” in studios, on stages, and in underserved shelters and schools. Gibney Dance’s two centers in lower Manhattan offer 3 performance spaces, 16 studios, and a robust roster of classes, professional development programs, and community outreach opportunities.
