**Samuel.Bell@scouting.org**  
In your email include your  
name and high school.

## Interested in Engineering?

If so, join the Exploring Program at Lilker! They have recently completed upgrades to create the first flood-proof school in Brooklyn. Lilker provided comprehensive mechanical and electrical engineering design and construction administration services to repair and replace Superstorm Sandy-damaged infrastructure and Equipment to protect the schools against potential flooding.

Come and learn about their other projects and what life is like as an engineer in New York. Find out how you can become an engineer and take the first step toward your career.
